The player selection process can be stressful for all of those involved, including players, their families and evaluators. SDMHA strives to provide fairness and to ensure selections are done in the best interest of the player and his or her development.

- 5.1 A Division Convenor will be selected for each age level (U9 – U18) at the July executive meeting. The membership will be given an opportunity to apply for this position on the registration form. This Convenor can be a current Executive Member or a Volunteer in good standing within South Dundas Minor Hockey. The Convenor will be responsible to be available for all B Rep tryouts and House evaluations and, if possible, will not have a child trying out for B Rep in their age level.
- 5.2 The role of the Division Convenor is as follows:
- a) communicates dates and times of evaluations to all selected independent evaluators and players for the B Rep selection process and the House evaluations
 - b) communicates with B Rep players and House players that a tryout number will be provided for the duration of the tryout but must be returned at the end of the tryout.
 - c) collects the completed HC evaluation forms following each session from the evaluators
 - d) communicates, via email, to all participants after the tryouts have occurred. See 5.4e.
- 5.3 **Evaluation Team (for B Rep Tryouts and House Evaluations)**
The Evaluation team will consist of a minimum of three (3) independent, qualified Evaluators and a minimum of one (1) goalie Evaluator (only for all B Rep tryouts, U11 and up). - 5.4 **B Rep and B House Tryout Timeline**
The tryout process identified below is strongly recommended but can be modified at the discretion of SDMHA based on ice time availability, number of players trying out, etc. The on-ice coordinator will be selected by the Coach Mentor and Development Coordinator.
- a) **First Evaluation**
The first evaluation will be skill-based drills by the on-ice Coordinator. If needed, assistance can be given by the Coach Mentor and/or Development Coordinator. Goalies trying out will be allotted ¼ of the ice (with net and crease) to be evaluated on specific goalie drills.
- b) **Second Evaluation**
The second evaluation will be a minimum one-hour scrimmage with a maximum of 30 skaters. It is recommended that the two teams are divided up based on the results/ranking from the first evaluation, but positions may need to be considered.

c) First Release

Following the first and second evaluation, the Evaluators along with the Division Convenor will reduce the number of players to twenty (20) and two (2) goalies (if applicable). If there are less than 20 skaters present for the first two evaluations, all will proceed to Final Evaluation.

First Release will be communicated by the Division Convenor in the following manner:

- Email will be sent as a BCC (Blind Carbon Copy) to those not successful with a thank you note, including the date for the House Evaluations and to be signed off to include the Head Coach.
- The remaining players advancing will be sent an email, congratulating the player in advancing to the next evaluation session.

d) Third Evaluation

It is recommended that the third evaluation be conducted as an Exhibition Game. The Head Coach has the right to not dress the top two (2) to five (5) ranked players to allow a better look at other players. Should there be no opponent to secure, another scrimmage can take its place. The goal of the Final Evaluation is to secure the top roster spots. A discussion between the Head Coach, President, and Coach Mentor will determine the last two (2) to five (5) spots depending on roster size. The final number will be determined by the President and Coach Mentor ahead of time.

e) Final Release

Following the third evaluation, there will be a 24-hour review process. The Division Convenor will input the remaining evaluation results and rank the players accordingly. The Division Convenor will receive the final roster from the Head Coach, Coach Mentor and President. The Division Convenor will then notify all successful players in one email, cc'ing the Head Coach congratulating them to the B Rep Team and a separate email to those released via BCC to advise of dates of House evaluations.

5.5 C House Sort Timeline

C House Team Sorts will consist of one (1) on-ice skill and game play. The number of groups will be based on number of players remaining in the C House Team Sorts.

a) House Player Allocation

Once Evaluation Sessions are completed, the Division Coordinator will review the player evaluation data with the Coach Mentor and President and together will create teams of equal strength (if more than one level team is declared i.e. U15 B1 and U15 B2), based on evaluation data.

The Division Convenor, Coach Mentor and President will then strive to secure a Head Coach for each team based on the process in BYLAW #4, and the Division Convenor will contact the Head Coach candidates to secure a Head Coach.

The Division Convenor will send a welcome to the team email to each player by BCC, CC'ing the Head Coach. Once players are notified of their teams, there will be no changes.

Once players are notified, the Division Convenor will send the Head Coach their full roster, including parent(s) name, email, and phone number. - 6.2 Affiliation opportunities may be made available if the player was misplaced as a result of missing the tryout process.

BYLAW #7 – COMPLAINT RESOLUTION AND DISCIPLINE PROCESS

The Complaint Resolution and Discipline Process has been implemented to provide guidance for how SDMHA receives and responds to complaints.

Many of the individuals that make SDMHA a success are volunteers that selflessly give up their time to support the Association. There is NO justification at any point for acting belligerently toward those individuals regardless of the circumstances.

Any member of the SDMHA shall be subject to disciplinary action, up to suspension and/or removal from the Association and its activities, if that person contravenes in any way, the Constitution, By-Laws and/or policies of the Association.

- 7.1 The 24-Hour “Cool Off” period is mandatory. Any complaint received prior to this will not be addressed. This “Cool Off” period is required so matters can be addressed in a calm manner.
- 7.2 All reported incidents will be investigated and dealt with on an individual basis. It is required that Chain of Command is adhered to, and is as follows:
 - 1) Coach or manager of the team involved
 - 2) President (or Vice President whereby the President is in a position of conflict of interest) - who will direct the complaint to either the Risk and Safety Director for off ice incidents or the Rules and Discipline Director for on ice incidents
 - 3) District 1
 - 4) HEO

Note – results of any complaint may be appealed at a higher governing body. Each governing body sets the associated fee to be paid.

- 7.3 The process below is designed to formalize the steps that all parties are required to take when dealing with an issue.
 - a) The complainant has documented specific details surrounding the issue(s) including dates, names, locations, bystanders, and actions that took place and sent to the President within 30 days of the alleged incident. The President will then assign the complaint to the appropriate director (Risk and Safety or Rules and Discipline) for further investigation in accordance with the Hockey Canada Investigation Guidelines for Branches and Minor Hockey Associations.

- b) The complainant submits an email with the detailed information to the President who will then assign the complaint to the appropriate director.

7.4 Following the completion of an investigation, the director will review the information with the Rules and Discipline Committee who will determine if there is a breach of SDMHA's Constitution, Bylaws or Code of Conduct.

- a) If it was determined by the Rules and Discipline Committee that a breach occurred, then a hearing will take place in accordance with Appendix B: Hearing, Appeal and Disciplinary Processes.
- b) If it was determined by the Rules and Discipline Committee that a breach did NOT occur, a written response to the complainant will be issued by the Director responsible providing them with an opportunity to appeal to a higher governing body.
- c) Rules and Discipline Committee members will consist of any three (3) current Executive Members who do not have a conflict of interest with the complaint. In the situation where three (3) current members are unable to participate, the President may reach to any District 1 Association for assistance.

7.5 SDMHA, the Rules and Discipline Committee and/or the Executive Committee reserves the right to impose any sanctions in accordance with the Disciplinary Process (see Appendix B) to any member (including players, parents/guardians, coaches or referees).

BYLAW #8 – SOLICITATION OF FUNDS AND MATERIALS

- 8.3 The SDMHA Executive reserves the right to solicit local businesses in an attempt to gain donations or sponsorships for the entire membership body. The SDMHA Executive will use above mentioned donations to help offset increasing operating costs as well as the purchasing of new equipment as needed to benefit all members of the association. Any team found not in compliance will be subject to a fine/penalty as set out by the SDMHA Executive.

- 9.4 SDMHA reserves the right to cancel a tournament that is not filled two weeks before scheduled date

Applications provided by each candidate will be reviewed at the Referee Selection Committee meeting. The Referee-In-Chief will interview the top candidates and make a selection based on the following:
- how many new candidates are needed each season
 - how many referees are returning
 - number of teams and the level of teams for that particular season.
- 10.4 The Referee-In-Chief will send an email to all previous season referees to determine their intent to return for the following season by June 15th, 2025.

- Practices for January and February (during regular season) are released on or before December 15th of the calendar year.

- Practices for February and March will be provided based on availability during playoffs. March break is a seasonal break however, practices may be scheduled and are not mandatory to attend for SDMHA.
- A practice tally based on number of hours is maintained throughout the season and is made available at the AGM. A practice tally is based on the number of hours and not the number of ice times.
- UCMHL may determine additional seasonal breaks.

Consistency of practice schedules are contingent on the following:

- Your team's league and tournament schedule
- League game scheduling regulations
- Coaching/volunteer availability
- Availability of ice

Practices scheduled at 7am will be counted towards a team's ice allotment. These full ice practices are not negotiable and will count towards a full-ice practice in team rotations. Should a team choose not to use this ice time allotment, the ice scheduler is to be made aware in advance.

Manager Responsibilities

- Manager is to advise ice scheduler of ALL black out dates as soon as they are scheduled.

11.4 Members Allowed on the Ice and/or Bench during practices – SDMHA will strictly enforce that only team members, (including affiliated players), on-ice helpers and qualified coaches are allowed on the ice/bench during the scheduled ice times. Only players rostered to that particular team are allowed on the bench at any time.

Appendix C- Code of Conduct (Waiver signed when registering on Spordle)

Hockey is a sport built on teamwork, dedication, and passion. To protect the integrity of the game and uphold its core values, the South Dundas Minor Hockey Association (SDMHA) has established this Code of Conduct. All participants—including players, parents, guardians, coaches, officials, and administrators—are expected to adhere to the standards outlined below to foster a respectful, inclusive, and positive environment.

As a parent, guardian, and/or player, I agree to comply with the rules, regulations, and by-laws of SDMHA, Hockey Canada, and Hockey Eastern Ontario (HEO). I understand that the HEO Code of Conduct can be found at HEO Policies.

I confirm that all information provided during registration is truthful, accurate, and up to date. I acknowledge that providing false information may result in disqualification from participation in SDMHA programs.

I will always conduct myself in a respectful and ethical manner. This includes refraining from any abuse, harassment, or disrespect toward referees, coaches, team, bench staff, volunteers, or arena personnel. I will support all players, coaches, and volunteers, in alignment with the Hockey Canada Fair Play Pledge.

All concerns or complaints must be submitted only after observing a mandatory 24-hour “Cool Off” period, ensuring that issues are addressed calmly and constructively. Complaints must follow the established Chain of Command:

1. Team Coach or Manager
2. SDMHA Rules and Discipline Committee and President
3. District 1
4. HEO

SDMHA reserves the right to hold individuals accountable for inappropriate behavior occurring at any SDMHA event or arena. If necessary, individuals will be notified in writing and may be required to participate in a disciplinary hearing—either in person or online—with a panel of members of the SDMHA Executive. Members may be brought in from another association panel should a non-biased candidate be available within SDMHA. Following the hearing, the panel may issue consequences ranging from verbal or written warnings to game suspensions, membership suspension, or even expulsion from the Association. Decisions will be communicated in writing, along with instructions for appeal to District 1 if applicable.

Appeals beyond SDMHA incur a fee as determined by the governing body. While SDMHA encourages resolution at the team level, serious or unresolved concerns should be escalated according to this process.

By committing to this Code of Conduct, all members of SDMHA contribute to a safe, respectful, and supportive hockey community. Together, we ensure that hockey remains a source of joy, personal growth, and community pride for current and future generations.
